

# The Ace Race®

## Golf Team Building Workshop

Can make any Meeting Fun and Competitive!

### THE LEADERS INSTITUTE®

Want to have an absolute BLAST on your next team building adventure? Have a bunch of golfers who always skip out on parts of your convention to catch 18 holes? Then the **Ace Race Mini-Golf for Charity** is for you and your team. The **Ace Race Golf Team Building Event** for charity is a **fun team activity** where team members build a golf course out of non-perishable food items that are later donated to a local food pantry. This philanthropic team building event organizes your team into small groups of four to six people, and **each group acquires "materials" to build a single hole of a custom golf course** right in the banquet hall or meeting room.

The **Ace Race Golf Team Building Workshop®** is a fun and Exciting Cornerstone Event that will make your next Convention or Team Meeting a Blast!

The "materials" that they acquire are non-perishable food items such as Macaroni and Cheese boxes, canned goods, spaghetti sauce jars, and the like that they must use to build their hole of the course.

#### We'll cover ways to:

- Brainstorm.
- Problem-solve.
- Communicate better as a team.
- Collaborate better as a team.
- Show how positive peer pressure can help increase productivity.
- And have tons of fun in the process!

Once the custom golf course is built, teams compete against each other to determine the golf champion of your event. **There is a twist however...** Each team plays each hole until they get an "Ace" (hole in one). This difficulty moves the challenge from being a competition to a team building exercise pretty quickly and adds a LOT of laughter in the process.

#### Philanthropic Twist:

**At the conclusion of the event, the food items are donated to a local food pantry!**

This is truly a one-of-a-kind event!
